

PLATO

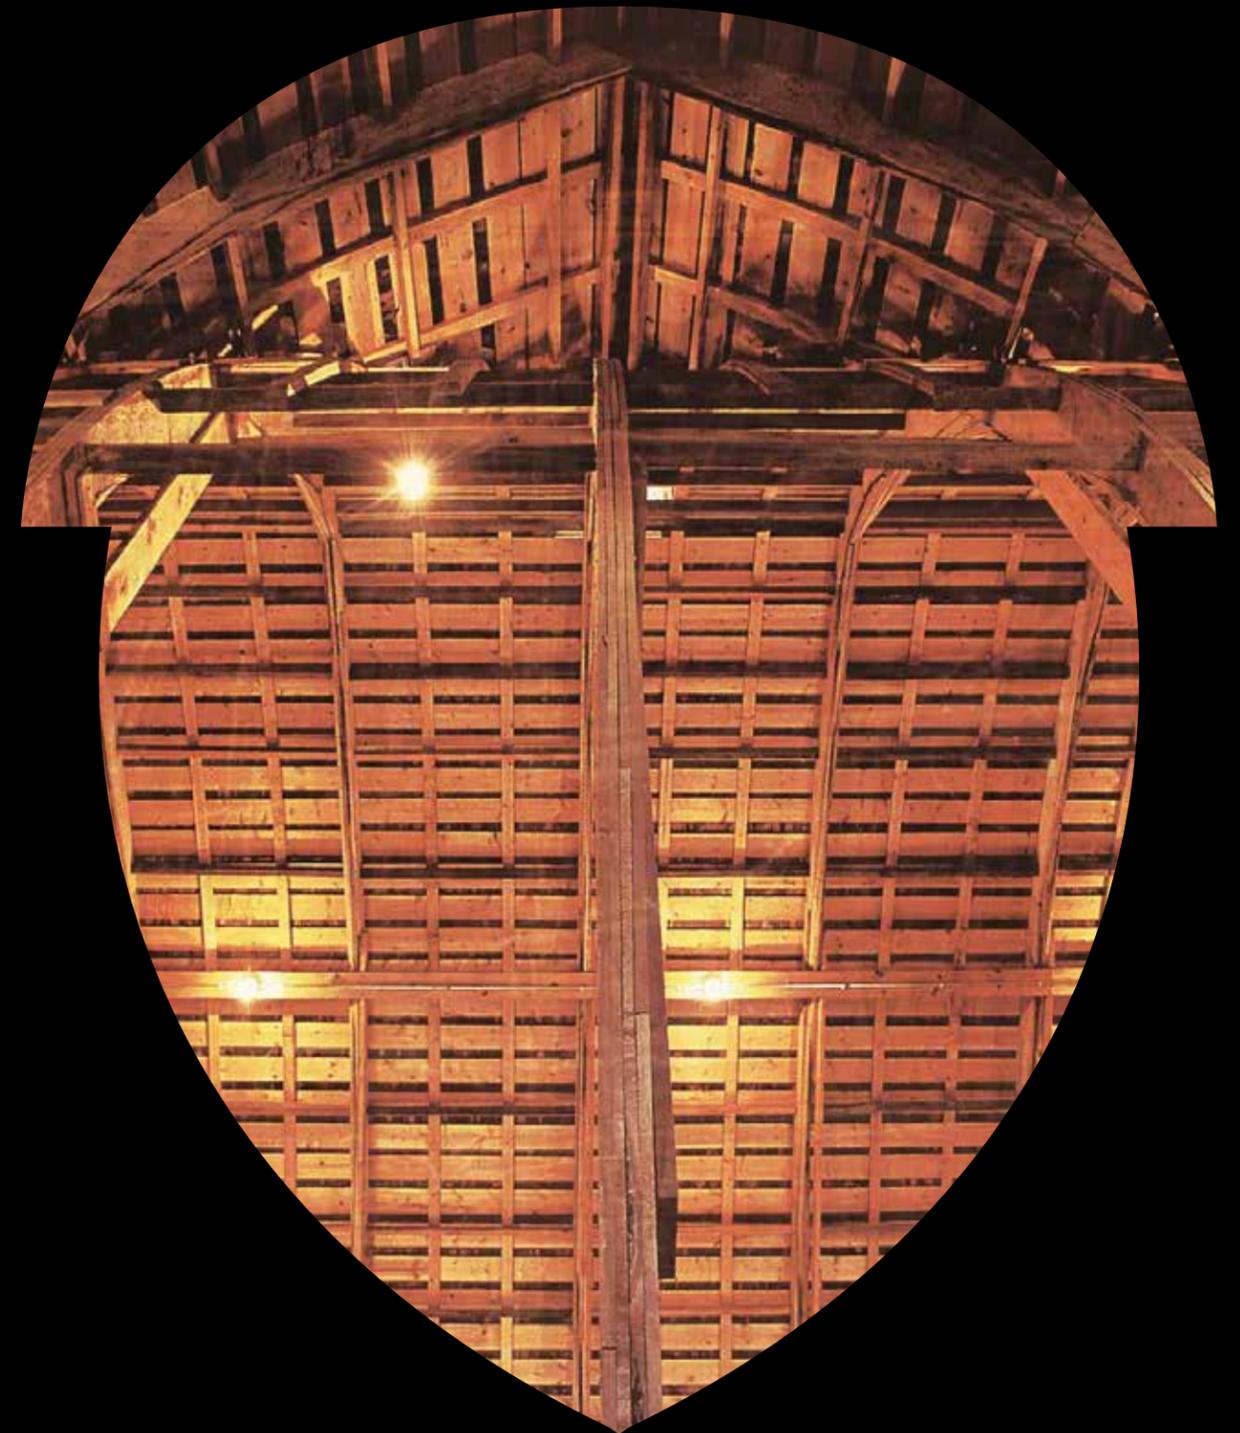

PRODUCT PORTFOLIO

CRAFTING BEAUTY SINCE

1893

For five generations, the Plato name has filled homes with lasting style, sophistication and character. Over the course of our rich history, we've become known as more than cabinet builders. This is because we believe beauty isn't just about the big picture, but about telling a story in every detail. A story that will live on in every home we're invited into. It's this passion and dedication to the perfect dovetail, pristine finishes and inch-perfect fits that our legacy of craftsmanship was built on.

A legacy we proudly carry through every product in our portfolio. Because even as trends shift, color palettes come and go, and new materials emerge, we know one thing remains forever true: the only way of doing things is the right way. So whether you're designing for a traditional dwelling or modern space, you know it will be beautifully built to last a lifetime.

“

PLATO IS THE BEST OF THE BEST. NOT ONLY IS THEIR CRAFTSMANSHIP TOP QUALITY, BUT THEIR CUSTOMER SERVICE STAFF IS WELL TRAINED AND THOROUGH. ORDERS ARE TRIPLE CHECKED AND COLORS ARE ON POINT. WORTH THE PRICE DIFFERENCE FOR A TRULY LASTING PROJECT.”
